## Questions about my current treatment

- Could another medication be right for me?
- What other medications could I take?
- What should I expect with other medications?
- What's the difference between all of the current options?
- What factors should be considered when choosing a medication?
- Which one(s) would you recommend for me? Why?

## Questions about Biktarvy

- Would Biktarvy be an option for me?
- How does Biktarvy work?
- How is Biktarvy different from my current medication?
- What should I expect when I start Biktarvy?
- How is Biktarvy taken?
- Will Biktarvy interact with any other medications I'm taking?
- Would you recommend Biktarvy for me?
